non academic history public history is a complex dynamic entity which impacts on the popular understanding of the past at all levels in consuming history jerome de groot examines how society consumes history and how a reading of this consumption can help us understand popular culture and issues of representation this book analyzes a wide range of cultural entities from computer games to daytime television from blockbuster fictional narratives such as da vinci code to dna genealogical tools to analyze how history works in contemporary popular culture jerome de groot probes how museums have responded to the heritage debate and the way in which new technologies have brought about a shift in access to history from online game playing to internet genealogy he discusses the often conflicted relationship between public and academic history and raises important questions about the theory and practice of history as a discipline whilst mainly focussing on the uk the book also compares the experiences of the usa france and germany consuming history is an important and engaging analysis of the social consumption of history and offers an essential path through the debates for readers interested in history cultural studies and the media

the routledge companion to criticality in art architecture and design presents an in depth exploration of criticism and criticality in theory and practice across the disciplines of art architecture and design professional criticism is a vital part of understanding the cultural significance of designed objects and environments that we engage with on a daily basis yet there is evidence to show that this practice is changing this edited volume investigates how practitioners researchers educators and professionals engage with think about and value the practice of critique with contributions from a multi disciplinary authorship from nine countries the uk usa australia india netherlands switzerland south africa belgium and denmark this companion provides a wide range of leading perspectives evaluating the landscape of criticality and how it is being shaped by technological and social advances illustrated with over 60 black and white images and structured into five sections the routledge companion to criticality in art architecture and design is a comprehensive volume for researchers educators and students exploring the changing role of criticism through

interdisciplinary perspectives

the papers in this volume aim at facilitating exchange between three fields of inquiry that are of great importance in historical linguistics language change socio linguistic research on variation and contact linguistics drawing on a range of recently developed methodological innovations such as methods for quantifying the linguistic variation that is a prerequisite for language change or new corpus based methods for investigating text type variation the contributors are able to trace linguistic change in different periods and contact situations demonstrate how variation occurs and in how far language change results out of this variation thus the chapters go beyond core issues of language variation and change focusing on the boundary between word and grammar discourse and ideology in the history of the english language

placing the works of charles dickens and walter benjamin in conversation with one another gillian piggott argues that the two writers display a shared vision of modernity her analysis of their works shows that both writers demonstrate a decreased confidence in the capacity to experience truth or religious meaning in an increasingly materialist world and that both occupy similar positions towards urban modernity and its effect upon experience piggott juxtaposes her exploration of benjamin s ideas on allegory and messianism with an examination of dickens s the old curiosity shop arguing that both writers proffer a melancholy vision of a world devoid of space and time for religious experience a state of affairs they associate with the onset of industrial capitalism in benjamin s the arcades project and dickens s sketches by boz and tale of two cities among other works the authors converge in their hugely influential treatments of the city as a site of perambulation creativity memory and autobiography at the same time both authors relate to the vertiginous mutable fast paced nature of city life as involving a concomitant change in the structure of experience an alteration that can be understood as a reduction in the capacity to experience fully piggott s persuasive analyses enable a reading of dickens as part of a european particularly a german tradition of thinkers and writers of industrialization and modernity for both dickens and benjamin truth appears only in moments of revelation in fragments of modernity

from one of our greatest science writers this biography of a beech and bluebell wood through diverse moods and changing seasons combines stunning natural history with the ancient history of the countryside to tell the full story of the british landscape

who wins and who loses in urban regeneration what are the mechanisms at play francesca weber newth looks at two neighbourhoods that are adjacent to large scale regeneration schemes the 2012 olympic park in london and the mediaspree waterside development in berlin by analysing how urban regeneration is experienced on the ground her study counters the notion that olympic led regeneration is any different from other forms of neoliberal urban development adopting pierre bourdieu s view of the social world as made up of competitive games an analysis of the two neighbourhoods reveals how the concepts of culture and community are strategically employed in the game of urban regeneration to the benefit of some and the detriment of others
